## What is Advantage® Surface Activator?

Alltimes Advantage® Surface Activator is formulated specifically for use with Advantage® for Gutters. This specially formulated cleaner is a high performance solution that prepares the surface and removes any contaminants prior to applying further coats of Advantage® for Gutters once the 9 hour overcoat-ability window has closed.

## Why choose Advantage® Surface Activator

- ✓ Powerful and effective cleaner
- ✓ Low odour
- ✓ Allows surface to be over coated
- ✓ Biodegradable

## General Information

Feature:	Result:
Shelf Life:	24 months minimum in unopened tins, stored in a cool dry place out of direct sunlight
Form:	Liquid
Colour:	Colourless
Odour:	Characteristic
Specific Gravity	0.951 @25°C
Temp. Limits:	5°C - 30°C

## Surface Preparation

Always test a small hidden portion of the substrate before use, to ensure the final result is satisfactory.

## Application

- Spray on Advantage® Surface Activator, ensuring the surface is saturated, allow to work for 30 seconds.
- Agitate the surface with a scotch pad making sure it does not dry out.
- Wipe the surface clean with an absorbent, lint free cloth, ensuring the cloth is changed every 1m<sup>2</sup>.
- Ensure the surface is completely matt with no visible shine.
- Allow the surface to completely dry before applying Advantage® for Gutters.

## Precautions for Use

For Health & Safety instructions, first aid measures, spillages and disposal instructions, see separate Health & Safety Data Sheet (MSDS).

## Cleaning of Equipment

Remove as much excess product as possible and clean tools and equipment immediately after use with soapy water.
